

MASTER OF CEREMONIES & WEDDING / EVENT COORDINATION

From the Grand Entrance to the last dance, we know the fine art of timing to create your once-in-a-lifetime event.

If you have a Wedding Planner or Event Coordinator, we will work with that professional as a cohesive team to ensure your day goes just as you dreamed.

If you do not have a Wedding Planner or Event Coordinator, we will act as your coordinator for the day. We will orchestrate your event with perfection that only comes with years of knowledge and experience.

We provide you with online planning forms allowing you to:

- Determine the order of events
- Select specific songs for special moments
- Designate guests who you'd like involved in formalities

We meet with you in person, or virtually, to review all of your choices and make recommendations if you would like them.

On the day of your wedding, or event, we work with, or act as your Wedding Planner / Event Coordinator by guiding the flow of events, ensuring the momentum and maintaining the energy.

The Fine Details - The "little things":

- Make sure the bridal party is lined up correctly
- Schedule dinner service with your caterer
- Properly prepare for the cake cutting and toasts
- Coordinate times and locations with your photographer
- And many other things you may not have thought about ...

All announcements are delivered with flawless precision & timing.
